

Healthy Baby is Precious Blessing

To Make It Healthy and Keep It Healthy Use a Reliable Baby Laxative

In spite of the greatest personal care and the most intelligent attention to diet, habits and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But as we cannot all have perfect working bowels we must do the next best thing and acquire them or train them to become healthy. This can be done by the use of a laxative-remedy very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations.

It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to take. It is sure in its effect and genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, nervousness, sick headaches, etc., among their reliable people like Mrs. M. Johnson, 752 Dayton St., Kenosha, Wis. She is the mother of little Dorothy Johnson who was always in delicate health until her mother gave her Dr. Caldwell's Syrup Pepsin. Mrs. Johnson says:

Dorothy Johnson.

"I never saw such rapid improvement in the health of anyone. Syrup Pepsin is a wonderful remedy and I shall never be without it again." Thousands keep Dr. Caldwell's Syrup Pepsin constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies for they do but temporary good and are a shock to any delicate system.

If no member of your family has ever used Syrup Pepsin, and you would like to make a personal trial of it before buying it in the regular way, a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 203 Washington Street, Monticello, Ill., and a free sample bottle will be mailed you.

INTERNATIONAL SUNDAY SCHOOL LESSON

By E. O. SELLERS, Director of Evening Department The Moody Bible Institute of Chicago.

LESSON FOR MARCH 30

REVIEW.

READING LESSON—Hebrews 11:1-12. GOLDEN TEXT—"Our fathers trusted in Thee. They trusted, and Thou didst deliver them." Ps. 34.

The Scripture lesson before us is suggested for reading purposes only. In these verses we have rehearsed the principal events (saving Easter) of which we have been studying this past quarter, but presented from the view point of the values and victories of faith. The golden text suggests three things, first the God of the fathers; second, the trust of the fathers, and third, the deliverance of the fathers because of their trust in God. Therefore it seems to be logical for us to think of these lessons from the standpoint of faith.

The first lesson of this quarter is suggested in verse three of our reading lesson. God is the creator and works by His divine fiat, framing these visible things from those that are not; working or framing them by His "word." So God today through the "Living Word" makes himself known to all men. He is the God of all resources, and places those resources at the disposal of men, becoming to each under varied circumstances all that is needed. Verily "God is love."

Second Great Fact. The second lesson presents to us the second great fact of the "beginnings," viz., that man is to have dominion over all of these created things, and that woman is to be his helpmeet. Again, there is set before us man's relation to the Creator, a relation of trust, and when that relation failed, we have presented in this and the succeeding lesson, the disastrous effect of disobedience. Where trust is active there has always been deliverance. Where trust has failed, disaster has inevitably followed. The great central truth of these two lessons is the folly of doubting and disobeying God's Word.

Returning to verse four of the reading lesson attention is called to Abel (Lesson IV.) as an illustration of a man whose faith in God expressed itself in the sacrifice he offered unto God. Abel's gift was one of sacrifice and not that of the labor of his own hands.

The great fact of lesson five is that Noah obeyed God by preparing for the coming judgment long before there was any external evidence of the flood. He was "moved with godly fear," he saved his house, he condemned the world, and he became heir of the righteousness which is according to faith. Those who believe God's word, live; those who disbelieve God's word, perish—John 5:24.

The sixth lesson, which also considers the life of Noah, presents for our consideration God's everlasting covenant.

In verses eight to twelve of the reading lesson, the writer seizes upon three supreme events in the life of Abraham when faith was manifest.

If we properly present those three we shall summarize the remaining lessons of this quarter saving that of Easter, lessons seven to and including the eleventh. The first great event is of course God's call to Abram, Heb. 11:1: "He must leave kindred, native land, yea, even his father's house. The way of blessing for him, and for us today, is the way of separation. It was when Abraham stepped aside from that path that he made his disastrous journey into Egypt, and when he returned to Bethel to the place of consecration he obtained that power that gave him the victory over himself in his dealings with covetous Lot, and enabled him to win his victory over the ten kings.

The second great illustration of faith was that Abraham stood on faith God's promises—Heb. 11:9-10. This he did by obeying the call to become a sojourner in a land not his own, looking for a city whose builder and maker is God. To Abram would have us take our eyes off of these of time and sense and fix our thoughts upon him who liveth and abideth forever.

Necessity of Faith. The third illustration, Heb. 11:11,12, was Abraham's willingness to part with his son Isaac in obedience to God's command to offer him as a sacrifice. True faith holds back nothing from God. Notice in this illustration how Sarah's name is linked with that of Abraham. How it is declared that she received power to conceive through faith and because she counted him faithful who promised, there sprang of one "so many as the stars of heaven in multitude and the sands which is by the seashore innumerable."

Thus the message of the past quarter is the revelation of God and of the necessity of faith in Him on man's part. He is the unchanging one who was before all things, made himself known to man, entered into human history, and as the Word, became flesh that men might behold His glory. Our wisdom is to know him, to repose our faith in him, to trust him completely. When we turn aside from simple trust and obedience and rely upon our own wisdom disaster overtakes us and there is raised up before us difficulties to great for us to overcome.

Some may have chosen to use the lesson of Isaac and Rebecca, rather than the suggested Easter lesson. We judged the Easter lesson of the greater value.

Therefore in the final lesson, that of Easter Sunday, we behold God's matchless grace and mercy in that he rolled away for those of loving, simple childlike faith, the stone of their difficulty; revealed himself in the person of His Son, and sent to the sorrowing, despondent disciples, including Peter the dealer, a message of comfort and of encouragement, that they were to see him again. So we, by faith, look for that glad day when he shall come in the brightness of his glory, full of grace and truth.

There's a Reason. Ever read the above letter? A new one appears from time to time. They contain, from, and full of human interest.

URGING GREAT SALE OF CANNED FOODS

Dealers, grocers, jobbers and manufacturers all over the country are joining hands during the week of March 28 to April 5 in an effort to acquaint housewives with the economy and quality of canned foods.

It is now a well known fact that heat is the only preservative used in preparing these economical foods. The cans are sealed and sterilized at a temperature of 250 degrees, which prevents any contamination and keeps the contents fresh and wholesome as the day the tins were filled in the canneries.

National Canned Foods Week, during which dealers and grocers will make canned foods their main feature, is for the purpose of demonstrating to housewives that the cost of living can be cut with such foods, and that they may be served in hundreds of delightful ways, and thus served daily without monotony. The farmer's wife especially finds it advantageous to relieve herself of all the cooking possible and Canned Foods enable her to do this and at the same time improve the quality of her meals.

Women in every community should observe National Canned Foods Week by going to the dealers and putting in a supply. The saving and general satisfaction in the use of Canned Foods is entirely worth while.—Adv.
